Dear Student

If you can't come to the workshops in person, join in virtually from wherever you have access to a computer with headphones/speakers or by using an iPad, iPhone or Android device.

You will be able to hear the workshop as it takes place in our seminar room and see the PowerPoint presentation as it happens. You will also be able to type in questions during the workshop which will be picked up by the presenter and answered during the workshop.

The first 25 students to log on will be able to attend.

TO VIRTUALLY JOIN THE WORKSHOPS

1. To join a workshop from your computer, tablet or smartphone go to:

https://global.gotomeeting.com/join/532278653

2. Use your microphone and speakers (VOIP) for audio. You'll sound best with a headset. You can also call in using your telephone.

Ireland (Long distance):   +353 (0) 19 030 050

Access Code: 532-278-653

Audio PIN: Shown after joining the meeting

PLEASE NOTE! When you log in the name you log on with will show up on the screen in the room so if you prefer not to give your full name, just use your first name only or another name. Do however give your proper email address (which will not be shown to anyone else) so we can contact you with information from the workshop.

SYSTEM REQUIREMENTS:

For PC-based participants:

•   Internet Explorer 7.0, Mozilla Firefox 4.0, Google Chrome 5.0 (JavaScript and Java enabled) or the latest version of each web browser

•   Windows 7, Vista, XP or 2003 Server

•   Cable modem, DSL, or better Internet connection

•   Dual-core 2.4GHz CPU or faster with 2GB of RAM (recommended)

For Mac-based participants:

- Safari 3.0, Firefox 4.0, Google Chrome 5.0 (JavaScript and Java enabled) or the latest version of each web browser

- Mac OS X 10.6 – Snow Leopard or newer

- Intel processor (1GB of RAM or better recommended)

- Cable modem, DSL, or better Internet connection

Participants wishing to connect to audio using VoIP will need a fast Internet connection, a microphone and speakers. (A USB headset is recommended.)

Participants using GoToMeeting with HDFaces will need at least 700 Kbps of Internet bandwidth and a dual-core 1.6GHz CPU with 2 GB of RAM.

GoToMeeting app for iPad, iPhone or Android

- Free GoToMeeting app from the App Store or Google Play

- WiFi connection recommended to use VoIP

- You can also join by entering the meeting ID on the joingotomeeting.com website.

Q: Can I use GoToMeeting on my iPad, iPhone or Android device?

Anyone can use the free apps to attend meetings directly from an iPad, iPhone or Android device. These apps make it easy to view online meeting content shared by a GoToMeeting organizer or presenter from a Mac, PC or iPad.

Download the apps free on the App Store and Google Play. Attendees on an iPad, iPhone or Android device can:

- Attend online meetings wherever you are – at no charge.
- Join sessions in seconds by tapping a link in an email.
- View presentations, mockups and reports – whatever the presenter shares on-screen.
- Connect to audio through your iPad, iPhone or Android device.
- Pinch to zoom meeting content.
- Switch between portrait and landscape.
- Mute or unmute yourself right from your device.
